ALUCAST® 2026

India's biggest exhibition for the Aluminium Die Casting Industry, ALUCAST 2026, is scheduled to take place from 10-12 December 2026 at Yashobhoomi, IICC, DWARKA, Delhi

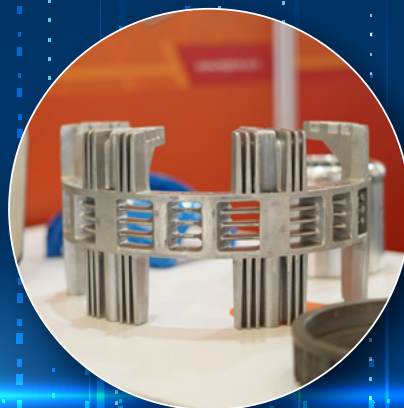

We look forward to welcoming you to the 11th edition of ALUCAST® EXPO, India's premier platform for the aluminium die-casting and allied industry. The last edition, ALUCAST 2024 featured 200+ exhibitors and 300+ brands; with 6,400+ visitors from 20+ countries - including Malaysia, the United States, Japan, the United Arab Emirates, Germany, Russia, Sri Lanka, Nepal, China, South Africa, Qatar, Taiwan, Singapore, Canada, Switzerland, Tanzania, Estonia, Italy, Turkey, Belgium, Portugal, Thailand, Saudi Arabia, South Korea, and the United Kingdom - the event underscored India's expanding aluminium die-casting sector, particularly in automotive technology, where lightweight, non-ferrous metals are in demand. Organized by The Aluminium Casters' Association (ALUCAST)® and produced by NürnbergMesse India, the expo brought together industry leaders and innovators to showcase advanced products, materials, and technologies.

EVENT HIGHLIGHTS

300+ BRANDS

20 COUNTRIES

7500+ VISITORS

"With a projected CAGR of over 8.8% from 2021 to 2026, this industry demonstrates significant potential for both innovation and expansion. Aluminium die casting, known for its versatility, serves a multitude of sectors, and ALUCAST® Expo serves as the premier industry platform uniting stakeholders under one roof."

Prasan Firodia | President, ALUCAST

ALUMINIUM DIE CASTING SECTOR BEING SHAPED BY TECHNOLOGY AND GROWTH

AUTOMOTIVE

- India is set to become the largest EV market by 2030, with an investment potential exceeding US\$ 200 billion over the next five years.
- As global supply chains realign, India's automotive component trade is expected to reach US\$ 80 billion by 2026.
- Automobile exports rose 19% in FY25 to over 5.3 million units, led by robust demand for passenger vehicles, two-wheelers, and commercial vehicles in global markets.

CONSUMER DURABLES

- The white goods market is expected to reach an impressive US\$ 18,100 billion by 2030 led by Refrigerators, Washing Machines and Air-Conditioners.
- The India Semiconductor Market is expected to reach USD 82.96 billion by 2029

INDUSTRIAL & OTHER INDUSTRIES

- India committed to reach US\$ 300 billion worth of electronics manufacturing and exports of US\$ 120 billion by FY26
- Aerospace parts manufacturing market size is projected to grow at a CAGR of 6.8% from 2024 to 2030.
- The industrial equipment market in India is expanding rapidly, valued at about USD 11.2 billion in 2025.

AI is revolutionising die-casting by reshaping processes, elevating quality, and powering the industry's next leap forward. From predictive maintenance to intelligent process optimisation, automated quality inspection and energy-smart operations, AI is unlocking higher efficiency, precision, and safety. As these technologies become increasingly accessible, making AI a strategic edge for manufacturers ready to lead in a fast-evolving global market.

VISITOR PROFILE

- Casting Purchasers (OEMs, Tier 1 and Tier 2)
- Consultants
- Educational Institutes
- Government Officials
- Investors and Promoters
- Product and Service Users
- Technology Suppliers and Buyers
- Tool Room Centers
- Trade Associations
- Key Personnel of Core & Allied Industries including:
 - Automotive
 - Electronics
 - Electrical appliances
 - Mechanical
 - Electrical instruments
 - Toys & Others

EXHIBITOR PROFILE

- Aluminium Die Casting
- Aluminium Recycling
- Automation of Casting Process
- Melting Practices and Metal Treatment
- Post Casting Operations
- Heat Treatment Specialists
- Instrumentation and Control
- Software Systems Integration/Rapid Prototyping
- Die Casting Machinery Manufacturers
- Die Manufacturers
- Machine Tools
- Government Bodies and Associations
- Environmental Regulations
- Health and Safety
- Human Resource Management

CONFERENCE

Papers presented during the ALUCAST Conference cover latest technology and market topics, and provide participants with an opportunity to gain new skills and knowledge to enhance their expertise in various domains. The sessions led by the most influential experts will review how challenges in the Die Casting Industry have been faced and resolved successfully. ALUCAST Conference is an important meeting place for the Industry Stakeholders to discuss, debate and define the upcoming trends and technologies.

ABOUT

ALUCAST® is India's largest association for aluminium die-casters and casting manufacturers. For nearly two decades, it has conducted industry training, workshops, seminars, conferences, exhibitions, and visits, and also organizes India's premier Aluminium Die Casting Conference and Exhibition. Members include casting manufacturers and users, die-casting equipment and chemical suppliers, and providers of design and simulation software involved in casting and post-casting processes.

NürnbergMesse is one of the world's top 15 exhibition companies, organizing trade fairs in sectors such as construction, electronics, security, process technology, retail, consumer goods, and public services in Nuremberg and worldwide. Exhibitors and visitors benefit from its global network and tailored trade-fair concepts.

ALUCAST® 2026

10 11 12 DECEMBER 2026

Yashobhoomi India International Convention & Expo Centre (IICC), Delhi

VENUE: Located in Dwarka, New Delhi, Yashobhoomi, IICC is India's largest convention and exhibition centre. IICC offers a mixed purpose tourism experience with the best location, convenient transportation, as well as various commercial facilities.
